PROFILE

General manager and co-CEO with 15+ years leading technology-led industrial businesses across Europe, Asia and North America. I work the whole system: teams, cost base, product roadmap, customers and channels. At Lumatek Group I led a full commercial and cultural restructuring and cut about 60% of global costs together with the CFO, COO and CPO.

I have grown a technical organisation from about 40 to 100 people in a year, taken a business from EUR 0 to EUR 10M+ in revenue across 50+ countries, and founded five companies, one of them acquired 14 months after founding. My M.Sc. is in Lighting and Electrical Installations in Buildings: building-systems engineering. I also run technical due diligence for investment and acquisition decisions.

KEY RESULTS

Leadership and General Management

~60%

reduction in global costs, with the CFO, COO and CPO (Lumatek Group)

40 to 100

technical team grown in one year (Infarm)

14 months

from founding to acquisition (Spectron)

Operations and Technical Excellence

-83%

labour cost per unit through automation (Infarm)

-40% / +73%

energy cost per unit / output per m2 (Infarm)

-40% / -15%

product OpEx / CapEx per m2 (IGS)

Growth, Customers and Performance

+210%

growth in a key segment in 2025; Q1 2026 pace 4x 2025 (Lumatek Group)

EUR 0 to 10M+

revenue, 50+ countries (Valoya)

EUR 20M+

from two new revenue streams (IGS)

PROFESSIONAL EXPERIENCE

Managing Partner · APTA Advisory

Aug 2026 - Present · Lisbon

Independent due diligence and business strategy firm.

- Lead the firm and its service model: CapEx and OpEx due diligence for buyers of technical systems (lighting, climate and automation); strategy for suppliers
- Advise boards, investors and operations teams on investment cases, supplier selection, unit economics and value creation; own go-to-market, pricing and partnerships
- Designed an outcome-linked fee model (share of verified savings, or fixed fee)

co-CEO and Commercial and Marketing Director (interim) · Lumatek Group

Dec 2024 - Jul 2026 · Lisbon

Industrial manufacturer of technical lighting systems (HID and LED), 20 years in market, two brands, international distribution.

- Led a full commercial and cultural restructuring: resized teams, closed unprofitable markets, opened new geographies and channels
- Cut about 60% of global costs through a cost-reduction strategy, with the CFO, COO and CPO
- Grew a key segment 210% in 2025 and reached, in Q1 2026, a pace 4x that of 2025
- Created two new customer segments
- Turned the organisation into a data-driven company and removed internal silos, enabling data-driven decisions
- Supported the product roadmap, linking engineering and commercial requirements

Independent Consultant · Gonçalo Neves Consulting

Apr 2024 - Aug 2026 · Lisbon

Clients under NDA.

- Ran technical due diligence on companies, products and platforms for investment and acquisition decisions
- Delivered market and competitor analysis, value-creation frameworks and KPI benchmarks
- Advised on go-to-market strategy, pricing and commercial team structure

VP Business Development & Head of AgriTech Partnerships · IGS

Aug 2021 - Jul 2024 · Edinburgh and Amsterdam

Award-winning industrial technology company: automation, IoT and environmental control systems, six patent families.

- Opened two new revenue streams generating EUR 20M+
- Reduced product OpEx by up to 40% and CapEx per m2 by up to 15%
- Closed partnerships with Schneider Electric, Viscon Group, Microsoft, Plant Lighting and Wageningen University & Research
- Built and led the business development team, reporting to the CEO and COO
- Contributed to the EUR 50M Series B, valuation EUR 200M+

Director of Farm Hardware · Infarm

Mar 2020 - Mar 2021 · Berlin

European industrial scale-up of modular controlled-environment production systems, with an installed equipment base across several countries.

- Grew the technical team from about 40 to 100 people in one year
- Cut labour cost per unit by 83% through automation and new process flows
- Created cross-functional teams; implemented SAFe, Agile, Kanban and Flight Levels; moved hardware management to JIRA
- Reduced energy cost per unit by 40% through a new HVAC design and rent cost per m2 by 61%; raised output per m2 by 73%
- Contributed to the EUR 200M Series D, valuation EUR 1B+

Five companies founded

Jun 2016 - Jan 2020 · Amsterdam

- Founder and CEO, Spectron Light Science (Nov 2016 - Dec 2017): three LED lighting product lines; company acquired by a leading sector player 14 months after founding
- Founder and CTO, OneFarm BV (Jan 2017 - Jan 2020): EUR 1M seed (valuation EUR 5M+); supported the EUR 9M Series A (valuation EUR 36M+)
- Founder and CEO, BemStudio (Jun 2016 - May 2020): engineering and management consultancy in the Netherlands
- Director, A Lab (Jun 2017 - Dec 2019): production unit; trained about 50 people
- Guest lecturer, Breitner Academie (Mar - Jun 2017)

Director of Business Development · Valoya

Jun 2011 - May 2016 · Helsinki and NL

Manufacturer of technical LED lighting systems. Three roles in five years: Technical Manager, Solution Manager, Director of Business Development. Joined as a minority shareholder.

- Closed the company's first commercial contract, above EUR 300,000; grew revenue from EUR 0 to EUR 10M+
- Expanded to more than 50 countries in Europe, Southeast Asia, Japan and North America; opened the Amsterdam office
- Closed distribution partnerships in Japan and North America
- Developed and launched the first product lines

Researcher · Aalto University

Apr 2009 - May 2011 · Helsinki

Solid-state lighting. Projects SSHLighting (2009-2011) and LEDFlowers (2008-2011).
